There once was a boy named Ahmed. he was a tall funny looking young boy. He loved to play tricks on people.

Friends, Family members, classmates, teachers and everyone knew he loved to make trouble. everyone told him that joked to much and one day this would cause him saddness.

He never listened to thier warning and continued to make trouble.

One day he filled his teacher's classrooms with lizards. there were lizards on the tables and lizards on the chairs There were even lizards flying in the air. Oh my goodness there were lizards everywhere!

Ahmed! "Why would you do this!?" his teacher said one day you will regret being such a jokester" But Ahmed his friends and classmates just laughed. Ahmed loved the attention the students were giving him. So he continued in his trickster ways

The next week he decided to play tricks on his classmates. Ahmed and his friends filled balloons with water and waited in the tree near the school. When the students walked past the tree Ahmed and his friends began throw the balloons. All the students went to school wet and were very upeset with Ahmed.

Ahmed! "Why would you do this!?" one of his classmates said. "One day you will regret being such a jokester" But Ahmed and his friends just laughed and enjoyed the view.

The next day Ahmed decided to play a trick his friends. Ahmed invited his friends over to drink tea. Oh! We are very happy that you invited us to your house for tea.

Ahmed served his friends with a sinister smile. All at once his friends drank the tea and immediately began to react to the salty tea.

Amina began to throw up, Nassim and Hownia winced in pain. Ahmed replaced the sugar with salt and did not tell his friends.

Ahmed! Why would you do such a terrible thing? Amina said but Ahmed just laughed by himself. Amina why are you so upset it is just a joke.

Ahmed everything is not a joke, and one day you will regret being such a jokester.

The next day Ahmed went to school. He tried to play with the other students but they did not want to play with him. "We are tired of your jokes and we don't want to play with you anymore" said Amina. Ahmed hung his head low and walked away

On his way home Ahmed ran into Said. Said asked Ahmed "where are your friends and why are you walking all alone?" Ahmed told Said all of the terrible jokes he played on his teachers and friends. and now no one wanted to talk to him because they were afraid that Ahmed was going to do terrible things to them.

"I understand your problem" Said explained you were mean to the people who care about you and they have had enough if you stop playing tricks on your friends and ask for forgiveness then they might want to talk to you again.

Ahmed thought for a moment and said " Said you are absolutly correct. I was mean and cruel to the people that love me unessarily. I'm going to start apologizing now and I hope that they will forgive me"

Said followed Amed until they saw Nassim playing football. Nassim I am sorry that I was mean to you the other day" said Ahmed " I now know that what i did was mean and terrible. I hope that you can forgive me and we can be friends again."

"Thank you for apologizing Ahmed. I am glad you realized what you did was wrong. I forgive you and we can be friends again." said Nassim. All three of the boys happily began to play football. and Ahmed decided never to play tricks on his friends again.( But strangers were still an option.)
